#### May 2023 Board Meeting Human Services Report

I had 8 families certified for the Food Pantry this past month. 2 families which are new to the pantry. We have families getting registered for the Summer Lunch Program, but not very many.

I received 1 returned application this month for financial assistance, and we were able to assist them. Reviewing the previous year 1/01/2022-3/31/2023, I handed out 90 physical applications for financial assistance and emailed probably about another 20 applications. I had 13 returned applications of which 10 were approved, 1 had to re-apply due to not getting documents handed in in time and then were approved and the others just did not turn in the requested documents. Since April 1st, I have handed out 6 physical applications, emailed 2, and have had 1 returned. I have invited at least 2 others to pick up applications over the phone and when they found out I was not just going to hand out money that same day opted to not pick up applications. We are mandated by law to offer general assistance first, anyone requesting any financial assistance must fill out the general assistance application before any other funding can even be determined We are requesting the same documentation that every other township request in order to receive financial assistance through the general assistance office.

There were 3 LIHEAP appointments this month.

I have assisted 1 resident getting the Benefits Access program to get a lower license plate sticker cost.

We have started handing out the cleaning baskets provided by the LJWC.

Senior Association held a Mother's Day bingo, the Township handed out flowers to the moms that attended. There were about 60 seniors who showed up for this event.

We have our Senior Prom scheduled for this coming Friday, we currently have about 40 seniors scheduled to attend.

I attended a General Assistance Meeting in Springfield.

In preparing this report, we reviewed several studies on local government efficiency. These studies show that:

- The average local government in Illinois serves 1800 residents compared to the national median of 2850 individuals
- Most townships in Illinois have no bonded indebtedness. Together with road districts they are an integral element of local democracy. Township expenditures have grown at a lower rate than those of any other level of government since 1992.
- Townships have lower labor costs and employ mostly part time employees.
  - XIII. Our committee's recommendations regarding Increased Accountability and Efficiency:
